Click on random llinks provided in the various section 4. Observe	NILL	valid network connection	Links should be navigated properly	As expected	Pass

TC_024	Login Page	Verify Back Button Functionality Across Login Screens	1. Open BookMyShow application 2. Enter valid phone number/Email id click on login 3. Click on "back" 4. Observe	Mobile number: 7034481269 Email: anjanashamsheer@gmail.com	valid network connection	Navigates back to the Login page properly	As expected	Pass
TC_025	Login Page	Verify navigation controls (Back/Close icons) across login flows.	1. Open BookMyShow application 2. Click on Google /Email icon 3. Click on close icon 4. Observe	Email: anjanashamsheer@gmail.com	valid network connection	Navigates back to the previous page properly	As expected	Pass
TC_026	Login Page	Verify OTP is automatically read and populated in the OTP field during login.	1. Open BookMyShow application 2. Enter valid phone number click on login 3. Wait for the OTP SMS to be received 4. Observe the OTP field.	Mobile number: 7034481269	valid network connection	OTP should automatically detected and populated correctly.	As expected	Pass
TC_027	Login Page	Verify the submit button in OTP input field for phone number login	1. Open BookMyShow application 2. Enter valid phone number click on login 3. Wait for the OTP SMS to be received 4. Attempt to click submit	Mobile number: 7034481269	valid network connection	Button should be clickable	Button is not getting a chance to perform. System reads the OTP automatically and redirects to the Pick a region page	Fail
TC_028	Pick a Region	Verify the buttons are clickable and responsive	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Try clicking Detect my Location/ Select manually 4. Observe	Mobile number: 7034481269	valid network connection	Both buttons should be clickable	As expected	Pass
TC_029	Pick a Region	Verify location is detected accurately with permission granted	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect my Location 4. Grant permission 5. Observe	Mobile number: 7034481269	valid network connection and permission for location access	Current city should be detected accurately	As expected	Pass
TC_030	Pick a Region	Verify location is detected with permission denied	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect my Location 4. Deny permission 5. Observe	Mobile number: 7034481269	valid network connection	Location should not be detected. User should be shown manual city selection screen or appropriate error message. App should not crash	As expected	Pass
TC_031	Pick a Region	Verify detection with GPS off	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect my Location 4. Grant permission 5. Observe	Mobile number: 7034481269	valid network connection	Prompt to enable location services is displayed	As expected	Pass
TC_032	Pick a Region	Verify detecting location without internet	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Disable internet 4. Click on Detect my Location 5. Observe	Mobile number: 7034481269	Invalid network connection	Appropriate network error message is displayed	As expected	Pass
TC_033	Pick a Region	Verify selecting city manually	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on select manually 4. Enter valid city	Mobile number: 7034481269 city: Thodupuzha	valid network connection	Selected city is saved and user is redirected to the home page	As expected	Pass
TC_034	Pick a Region	Verify city search functionality	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on select manually 4. Tap search box Enter "Kochi"	Mobile number: 7034481269 City: Kochi	valid network connection	Matching city is displayed in the search results	As expected	Pass

TC_035	Pick a Region	Verify invalid city search	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on select manually 4. Tap search box Enter "abcd"	Mobile number: 7034481269 City: abcd	valid network connection	No matching city found message is displayed	As expected	Pass
TC_036	Pick a Region	Verify loader during detection	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect my Location 5. Allow location permission if prompted	Mobile number: 7034481269	valid network connection	A loading indicator is displayed while the app is fetching the location and disappears once the location is detected or an error is shown	As expected	Pass
TC_037	Pick a Region	Verify city persistence	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Select a city 5. Close the application 6. Reopen	Mobile number: 7034481269 City: Kochi	valid network connection	Previously selected city is retained	As expected	Pass
TC_038	Pick a Region	Verify multiple taps on Detect Location	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect my Location multiple times 5. Allow location permission if prompted	Mobile number: 7034481269	valid network connection	Only one location detection request is processed. The app does not crash or freeze	As expected	Pass
TC_039	Pick a Region	Verify whether the popular city icons in the manual selection is clickable	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on select manually 4. Tap popular icon "kochi"	Mobile number: 7034481269	valid network connection	Selected city is saved and user is redirected to the home page	As expected	Pass
TC_040	Pick a Region	Verify whether the link Auto detect my location in manual selection page is navigating	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on select manually 4. Tap on auto detect my location	Mobile number: 7034481269	valid network connection	Works exactly the same as normal detect location feature	As expected	Pass
TC_041	Pick a Region	Verify whether the back button in the pick a region screen navigates to the previous screen properly	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on select manually 4. Tap on navigation arrow < to go back	Mobile number: 7034481269	valid network connection	Navigation should be possible	< button doesn't work instead a message pop up saying "Kindly select your city to proceed". But on selection of city it will automatically redirect to next page. so there is no option to go back from the pick the region page	Fail
TC_042	Pick a Region	Verify Skip button functionality	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect automatically 4. Tap on Skip	Mobile number: 7034481269	valid network connection	Skipping should be smooth and go to the next page	As expected	Pass
TC_043	Pick a Region	Verify city selection navigates to the next page	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect automatically 4. Tap on city icon	Mobile number: 7034481269	valid network connection	User should be redirected to next page	As expected	Pass
TC_044	Pick a Region	Verify pop up cannot be closed using the X icon	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect automatically 4. Select only this time from permission granting pop up 5. click on X and observe	Mobile number: 7034481269	valid network connection	pop up should be closed	As expected	Pass

TC_045	Pick a Region	Verify detect my location asking for the permission granting of location	1. Open BookMyShow application 2. Login through valid phone number/email or google 3. Click on Detect automatically 4. Observe	Mobile number: 7034481269	valid network connection	pop up asking location access permission should pop up	As expected	Pass
TC_046	Homepage	Verify the functionality of search bar	1. Open the browser and enter a valid URL 2. Login with valid phonenummer 3. Select city 4. Click on search bar enter valid show name 5. Enter	Mobile number: 7034481269 movie: balan	valid network connection	Search bar should be enable, take values and return results on Enter	As expected	Pass
TC_047	Homepage	Verify the navigation functionality of linktexts at the top from Movies to Giftcards	1. Open the browser and enter a valid URL 2. Select city 3. click licktexts randomly and observe	https://in.bookmyshow.com/	valid network connection	Successful navigation	As expected	Pass
TC_048	Homepage	Verify the functionality of navigation arrows > and < in the banner carousel	1. Open the browser and enter a valid URL 2. Click on > and < randomly	https://in.bookmyshow.com/	valid network connection	Successful navigation	As expected	Pass
